

LEADING LEADERS

OBJECTIVE

- To enrich leadership abilities by developing superior communication and strategic planning skills to inspire credibility and trust.

WHO SHOULD ATTEND

- Owners
- Supervisors
- Managers

SESSION DETAILS

- One half day session
- Between 10-20 participants
- Interactive, multimedia format

BENEFITS TO BUSINESS

- Provides leaders with tools and knowledge to work collaboratively to improve communication and increase productivity
- Equips leaders with the skills to improve employee satisfaction and retention

PROGRAM AT A GLANCE

While most individuals may not be born leaders, good leadership skills can be acquired. Leaders will explore the differences between Managing and Leadership, and how to lead to successfully gain credibility and respect. Leading Leaders provides tools and techniques on how to positively influence actions and enhance performance.

Management vs. Leadership

Uncover the qualities of exceptional Managers and Leaders and how to maximize impact on team effectiveness

Strategic Leadership

Identify the differences between a “resonant” and “dissonant” leader and strategies to leverage individual strengths to become an effective leader

Leading Communication

Explore best practices for communicating goals, setting expectations and establishing accountability and how this benefits the organization

Effective Leadership

Discover how to establish authority and credibility among peers and build strong relationships by inspiring support and loyalty
